

DEPARTMENT OF ORTHOPEDICS, DR. SCGMC, NANDED

Academics

RESEARCH AND PUBLICATION WORK:

The department has an active presence in the field of Research and propagating the field of orthopaedics to newer heights. There are articles, case report, Online Seminar, Cadaveric Dissection Workshop, Guest Lectures, Online Webinar, Conference Participation and Podium Presentation publishes in National and International NMC Norms, recognised journal by the department and many more articles.

The residents have been an integral part of case presentations across the country at various conferences.

Department research , publications , CME ,

webinars , guest lecture.

RESEARCH PROJECTS IN PROGRESS (2026)

SR NO.	TITLE OF THE RESEARCH PROJECT	STATUS	YEAR
1.	A study of functional outcome of Fluoroscopic shoulder hydro dilatation in patients with Adhesive capsulitis in a tertiary care centre	In Progress	2026
2.	Comparative study of functional outcomes of open reduction internal fixation with Plating and closed reduction with Kirschner Wires for Metacarpal shaft Fractures in a tertiary care centre	In Progress	2026
3.	Assessment of the clinical and functional outcome of uncemented total hip replacement among patients having avascular necrosis of the femur head with acetabular arthritis in 18 to 65 years of age group	In Progress	2026
4.	A study of Clinical and Functional outcome of Therapeutic Spinal nerve root block with triamcinolone with lidocaine given in a patient with Lumbosacral Radiculopathy in a tertiary care centre	In Progress	2026
5.	Clinical and radiological outcome in patients of medial malleolus managed with cc screw and tension band wiring	In Progress	2026
6.	A study of associated ligamentous injuries in acute traumatic knee patients using diagnostic arthroscopy in a tertiary care centre	In Progress	2026
7.	Evaluating the Efficacy of Vacuum Assisted Closure Therapy in Wound Management Post-Amputation	In Progress	2026
8.	A comparative study of the functional and clinical outcome between corticosteroid injection (triamcinolone) and needling in lateral epicondylitis (tennis elbow) in a tertiary care centre	In Progress	2026
9.	A comparative study of functional outcome in degenerative osteoarthritis of knee managed with intra-articular platelet rich plasma therapy vs intra-articular triamcinolone acetate therapy in tertiary health care centre	In Progress	2026
10.	A study of diagnostic knee arthroscopy for evaluation of meniscal lesions in degenerative osteoarthritis of knee in a tertiary care centre	In Progress	2026
11.	A comparative study of the functional outcomes between cemented hemiarthroplasty with proximal femoral nail fixation in unstable intertrochanteric femur fracture in elderly in a tertiary care centre	In Progress	2026
12.	Clinical and functional outcome of percutaneous transforaminal endoscopic discectomy among the patients of intervertebral disc	In Progress	2026

	prolapse and canal stenosis at lumbar region admitted at tertiary care centre		
13.	A case of right 2nd metatarsal head osteochondroma	In Progress	2026
14.	A case of distal tibia osteosarcoma	In Progress	2026
15.	A case of tuberculoma	In Progress	2026
16.	A case report of Pott's disease of lumbar spine	In Progress	2026
17.	A case of thoracic spinal cavernous hemangioma in a 23-year-old female	In Progress	2026
18.	A case of bilateral foot deformity in a 55-year-old female	In Progress	2026
19.	A case of FHL transfer in a chronic tendoachilles tear: case report	In Progress	2026
20.	Augmentation technique for surgical repair of distal insertional acute Achilles tendon tear using 5mm double loaded suture anchor and flexor hallucis longus graft and fixation in calcaneum with interference screw	In Progress	2026
21.	A case report – augmentation technique for surgical repair of distal insertional acute Achilles tendon tear using 5mm double loaded suture anchor and flexor hallucis longus (FHL) graft and fixation in calcaneum with interference screw	In Progress	2026
22.	Management challenges in adult posterior acetabular fracture dislocation with femoral head resorption: a case report	In Progress	2026
23.	Osteochondroma of right distal femur	In Progress	2026
